19th November, 2025

Dear Colleague,

I would like to take this opportunity to apprise you that every year, a large number of pilgrims from India undertake the holy Haj pilgrimage to the Kingdom of Saudi Arabia (KSA). Given the magnitude of this mass gathering, it necessitates meticulous preparedness in terms of comprehensive medical screening, vaccination of all pilgrims, continuous health monitoring throughout the pilgrimage period, and provision of on-site patient care through the Indian Medical Mission established in KSA.

2. In this connection, it may be noted that the Government of the Kingdom of Saudi Arabia has updated guidelines on two step medical examination of Haj pilgrims, along with provisions for penal action in cases of non-compliance. Accordingly, the Medical Screening and Certification component of the Haj Health Card 2026 (Annexure-4) has been revised.

3. Further, the pilgrims would be provided healthcare in the Kingdom of Saudi Arabia in health facilities along the pilgrimage route. These health facilities would be manned by doctors specialists and paramedics working in the Central, State/UT Government Health Facilities, Medical & Dental Colleges, organizations and ministries in India. The period of deputation will be approximately 02-03 months tentatively from mid-April till end of June 2026.

4. In this regard, I would request you to nominate **one Nodal Officer for Haj Medical Deputation 2026 and one Nodal Officer for Medical screening and Vaccination camps for Haj Pilgrimage 2026**. The details of the Nodal officers [name, designation, mobile number, and email id] may be shared with Dr. Navin Verma, Joint Director (EMR) at hajdeputationemr@gmail.com by **1st December 2025**.

5. **The last date for applicants to register and submit online application is 5th December 2025.
